

5E Lesson Plan Template

Learning Phase	Developmental Progression	Type of Discourse	Activity Description	Facilitation Questions
Engage	<p>How does this phase stimulate curiosity?</p> <p>How does this phase activate prior knowledge?</p> <p>What questions might students raise?</p> <p>What accommodations could be included in this phase to make learning more accessible?</p>	<p>Student–Student</p> <p>Student–Teacher</p> <p>Teacher–Student</p>		
Explore	<p>What concept(s) will students explore?</p> <p>What new vocabulary will students need for this phase of the lesson?</p> <p>What accommodations could be included in this phase to make learning more accessible?</p>	<p>Student–Student</p> <p>Student–Teacher</p> <p>Teacher–Student</p>		
Explain	<p>What connections are essential for the student to understand?</p> <p>What new vocabulary is introduced in this phase?</p> <p>What algorithms (computational procedures) are connected to the concept?</p> <p>What accommodations could be included in this phase to make learning more accessible?</p>	<p>Student–Student</p> <p>Student–Teacher</p> <p>Teacher–Student</p>		

Learning Phase	Developmental Progression	Type of Discourse	Activity Description	Facilitation Questions
Elaborate	<p>How is the new concept applied or extended?</p> <p>How will I encourage the use of vocabulary?</p> <p>What concepts and processes must students understand to be successful with this phase of the lesson?</p> <p>How (if at all) must the algorithms be applied?</p> <p>What accommodations could be included in this phase to make learning more accessible?</p>	<p>Student–Student</p> <p>Student–Teacher</p> <p>Teacher–Student</p>		
Evaluate	<p>What concept(s) will I assess?</p> <p>What additional skills must students have to complete this phase successfully?</p> <p>What accommodations could be included in this phase to make learning more accessible?</p>	<p>Student–Student</p> <p>Student–Teacher</p> <p>Teacher–Student</p>
